

NEED  
more FRIENDS

## MANY VOICES, ONE LORA

The production of the radio program is nonpaid. We talk about the topics, that are relevant for us and do not appear in other media. We invite guests who we care for. We play our favorite songs which you don't hear on the commercial stations. Our radio program contains over 20 languages and all kinds of formats from journalism to audio art – always without commercials.

**LORA IS DIFFERENT – ANOTHER  
RADIO IS POSSIBLE!**

## BOOST THE BASIS, AMPLIFY THE RANGE

LORA's program is coined by around 300 people: broadcasters produce, board members coordinate and the staff manages. A multitude of solidary members stands by us.

The organizational structure of radio LORA is being reformed: it gets simpler and more democratic. At the beginning of 2017 our studios will also be completely renewed. But those changes require broad support from members, since the funding of LORA is based on shares from the federal fees for radio and TV and on own resources on the other hand. Advertising is taboo. Therefore we depend on membership fees to stay as independent as possible.

**MANY FORMS OF PARTICIPATION –  
TOGETHER THEY CREATE LORA.**

## NEED MORE FRIENDS – FOR EXAMPLE YOU

You listen to the unconventional program. You want to support a participatory project for and by migrants. You like shows with contents from feminism to critique of economy and culture. You appreciate freaky music mixes. You want to be part of a grassroots radio movement. With a membership you support the initiative of an emancipatory media

organization. That means participation: You can apply for a board, your own radio show and vote on the member assembly. LORA thanks you every day with radio around-the-clock.

**YOUR CONTRIBUTION EMPOWERS  
LORA!**

### BECOME A MEMBER NOW!

Annual membership fee:

120.– CHF for people with income  
60.– CHF for people without income  
250.– CHF for sponsors and legal persons
